

# HUNDREDS LOSE LIVES IN PUEBLO FLOOD

## PROPERTY LOSS IS ESTIMATED WILL BE OVER \$10,000,000

Case Will Now Go to Trial On Its Merits Before the Commission to Determine Whether Or Not the Order Shall be Entered—Say That the Order is Unwarranted by Law

PUEBLO, June 4.—Pueblo's business district tonight is a mass of wrecked buildings. Its streets are deep in mud from the Arkansas river, which yesterday overflowed its banks, bringing the worst flood in the history of the city. The death list probably will mount into the hundreds when toll is taken of the wrecked residence and rooming houses in the river bottom. The full death list may never be known.

Property loss is estimated at \$10,000,000. A trip over the city by airplane revealed to The Associated Press staff correspondent a scene of disaster. Residences had been toppled over, railroad passenger coaches and freight cars had been swept in every direction or smashed into kindling. Blackened ruins showed the location of fires started last night by burning lumber from a lumber yard floating thru the streets in the flood tide. It looked as if a third of the city had been in the flood district.

Tonight relief measures were under way. The city council had appropriated \$125,000 to relieve the suffering.

Churches were co-operating with the Red Cross and other relief organizations opening their doors to the homeless and supplying food. The devastated district is under patrol of Troop C of the Colorado National Guard, police officers and volunteers of the American Legion.

Scores of persons were detected looting stores as the flood poured its way into the streets last night. A hundred shots were fired at them by soldiers.

It was virtually impossible tonight to accurately estimate the number of dead. Two morgues held 132 bodies and scores of dead were discovered in wrecked buildings where their recovery was impossible because of the mass of mud and debris.

Railroad officials were pessimistic about resumption of train service. All lines were washed away or the tracks were so twisted that it will require new construction of roadbed.

The first warning of yesterday's flood came shortly after 5 P. M., in telephone messages which said that dams near Portland were threatened and the water in the Arkansas river had risen dangerously at Wetmore, Portland and other points. The fire department sounded 15 minute flood warnings and soon every available police officer and guardsman was sent into the West Peppersauce river bottoms of West Pueblo to warn the inhabitants.

People were slow to leave their homes and many refused, according to soldiers. One woman dragged from her home, crawled under the house and refused to come out. It is feared a heavy loss of life resulted in this section.

On the crest of the flood which turned from the river into Fourth street was carried a two story house. Scores of people were caught as the flood entered Main street flowing south into the Union avenue. Within five hours the entire wholesale district and a great part of the business district were flooded with water ten feet deep.

Many business houses and residences were set afire by burning timber floating from a flaming lumber yard. Boy Scouts rescued George King and his son Francis from one building in boats.

Train Swept Into River  
Southbound Denver & Rio Grande railroad train No. 3, due in Pueblo from Denver at 7:45 P. M. last night was swept into the river. Most of the passengers have been accounted for, climbing to the roof of the cars and making their way to the Nacolls Packing company building. Missouri Pacific train No. 14, also was toppled into the stream and most of the passengers on this train made their way to the plant.

On the Denver & Rio Grande train the known dead are: Duffy Wilson, switch foreman; J. E. Littlejohn, engineer, and "Dutch" Haines.

South Pueblo was cut off from the rest of the city and few details of damage over there are available. The South Union avenue bridge and railroad bridge, two blocks below it, were the only bridges left intact.

Dr. E. R. Carey rescued his boy, Robert, from his home. A negro rescued four women from a tree and nearly lost his own life in the attempt. Three women near him were drowned when their boat overturned.

## MANY LIVES LOST THRU FLOODS IN LAST TEN YEARS

Some of Great Holocausts in Last Two Decades Given

(By The Associated Press)  
NEW YORK, June 4.—Flooding of Pueblo and other Colorado towns, with a reported loss of 500 lives, is the worst disaster that has befallen this country since the sinking of the steamship Eastland at Chicago in 1915 with a loss of 812 lives.

Within the last ten years more than 2,000 lives have been lost and millions of dollars worth of property destroyed by floods of American rivers. The most memorable were:

The overflow of the Mississippi in April, 1912, with a loss of 400 lives and the destruction of \$2,600,000 worth of property in scores of towns and cities.

In March 1913, the Ohio and its tributaries overflowed with serious effects upon a large region including Dayton, Hamilton, Zanesville, Columbus and Cincinnati. About 450 lives were lost in Ohio and property loss exceeded \$20,000,000.

The Rio Grande overflowed its banks following heavy rains in July 1916 and several hundred persons perished, mostly on the Mexican side. There were 75 deaths at El Paso.

The greatest American flood occurred when virtually the entire city of Johnstown, Pa., was destroyed on May 31, 1889 by the breaking of the Conemaugh dam, just outside of it. The exact loss of lives lost was about 2,500.

A great part of the damage done to Galveston, Texas, in a terrific hurricane of September 1900 was done by water blown in from the Gulf of Mexico. More than 3,000 persons died and property worth \$20,000,000 was destroyed.

Other great disasters of the last two decades in which the loss of life has been heavy include:

1902—Eruption of Mount Pelee, 30,000 lives lost.

1903—Iroquois Theater fire, Chicago, 575 lives lost.

1904—Burning of Steamship General Slocum in the East River, New York, 1400 lives lost.

1906—San Francisco earthquake and fire, 452 lives lost; property loss estimated to have been \$50,000,000.

1907—Kingston, Jamaica, earthquake, 1,100 lives lost; property damage about \$25,000,000.

1908—Earthquake in Sicily and Calabria, 76,483 lives lost.

1912—Sinking of Steamship Titanic in mid-ocean, 1,517 lives lost.

1912—Earthquake in Turkey, 3,000 lives lost.

1914—Sinking of Steamship Empress of Ireland in St. Lawrence, 1,024 lives lost.

1915—Earthquakes in central Italy, 29,978 lives lost.

1915—Overturning of steamship Eastland, Chicago, 812 lives lost.

1916—French auxiliary cruiser Provence, sunk in Mediterranean, 3,270 lives lost.

1917—Halifax disaster, caused gale blown up at her dock in a British port, 809 lost.

1917—Halifax disaster, caused by explosion of the French munitions steamship Mont Blanc, in which 1,225 lives were lost, with 400 missing. Estimated property loss of \$20,000,000.

SEEK LEADERS IN  
TULSA RACE RIOTS

TULSA, Okla., June 4.—Police and deputized American Legion men in charge of Tulsa tonight directed their efforts toward running down leaders in the riots of Tuesday night and Wednesday and looters who took property from the devastated negro section during the burning.

Some thirty white men and more than a score of negroes were being held tonight at the city jail for investigation on looting charges. One white man alleged to have fired on National guardsmen also was under arrest. Several negroes including A. H. Smithman, brother of the editor of a negro newspaper whose building it is charged was used as headquarters for negro rioters was being held without bail in connection with the causes leading up to the fighting.

Summonses for services on the grand jury which will begin an inquiry June 8 were sent out today.

FORMER RESIDENT HERE

J. H. Lyons, who has been located at Racine, Wis., for several years past, is here for a few days' visit with relatives. Mr. Lyons will spend the time with his sister, Mrs. James Gibson of this city and Miss Ella Lyons of Franklin.

## First Eye-Witness Report of Disaster

DENVER, Colo., June 4.—The first eye-witness report of the Pueblo flood disaster was brought to Denver today by William A. Kimsey, pilot of the airplane which flew to Pueblo with staff correspondents of The Associated Press and the Rocky Mountain News. After circling above the stricken city to make an accurate appraisal of the havoc wrought by the flood, Kimsey and his passengers landed in the outskirts at Pueblo, the first persons from the outside world to reach the scene of the catastrophe.

Following his return to Denver after a daring flight, much of which was accomplished thru low hanging clouds which obscured the earth at times, Kimsey detailed conditions at Pueblo as he saw and heard of them from refugees who flocked about his plane after he had landed at the state fair grounds.

"From an altitude of about 1,000 feet," said Kimsey, "the business district looked like a sea of mud and water."

"The railroad station stood out as an island in a lake, but the tracks were submerged, and cars could be seen floating about. The waters of the Arkansas were backed up on the right bank for what appeared to be several blocks and one section of the city was submerged."

"All outlying districts of the lowlands appeared utterly devastated and for miles around there was nothing but a vast expanse of mud, dotted here and there by houses perched at some odd angle."

"I didn't leave my plane after I landed, but residents told me of the horrible conditions and verified my aerial observations. They said there had been no chance to start a search for the dead and the missing but that the police lines were being formed fairly well and that the situation which for hours was one of panic and wanton destruction by looters was getting more under control."

"Between Pueblo and Colorado Springs all of the bridges as far as I could observe were washed out and the flooded city was entirely cut off to the north."

"When we got to Pueblo the city was cut in half by the flood and it appeared impossible for those on one bank of the Arkansas to reach those on the other a situation which the refugees told me was creating consternation."

"When I was leaving I was told that one of the viaducts connecting the two main parts of the city would soon be in commission, relieving the confusion."

Kimsey said the roads between Denver and Colorado Springs were passable and that traffic could be seen moving along with-out great difficulty.

South of Colorado Springs, he said, everything appeared like a ghostly no-man's land.

## DENZEL CHESTER IS ACQUITTED OF MURDER CHARGE

Jury Only Out Twenty Minutes in Famous Trial

(By The Associated Press)  
KANSAS CITY, Mo., June 4.—A jury of eleven men acquitted Denzel Chester in 20 minutes today of a charge of first degree murder in connection with the killing of Miss Florence Barton, October 2. Miss Barton was fatally wounded as she sat in a motor car with her fiancé, Howard Winter on a country road south of Kansas City.

Winter who was wounded said three men in a motor car drove up, that one got out and fired the shot that killed Miss Barton. Chester was charged with being that man. When the jury's verdict had been read and each juror had affirmed that was his verdict Chester shook hands with all the jurors and smiled his thanks. He was then taken back to the county jail where he is held on charge of having "jumped bond in another case in which he is charged with the theft of a motor car."

The trial consumed two weeks and a large number of witnesses testified. Witnesses from Broken Bow, Neb., told of Chester's capture there last November.

Chester according to his attorneys was thrown from a train near Broken Bow last November after having been beaten and slugged by detectives who were bringing him back to Kansas City from Great Falls, Mont., to face the charge of murder of which he was today acquitted.

The state contended Chester leaped from the train, diving thru a double window in a Pullman car to make his escape.

Members of the Barton family were placed on the witness stand and much stress was laid by Chester's attorneys upon the part played in the case by a private detective agency employed by the Barton family. Chester testified that he was riding around today by Fred Lovett, 16, who with his father and mother, Mr. and Mrs. Samuel Lovett of Elkhardt offered the strongest testimony for the state in the trial of Chester.

All testimony presented by the prosecution supported the state's contention that Lovett was murdered as the result of a conspiracy by members of the Decker family to kill him, claim his body as that of Virgil Decker and collect \$24,000 insurance on the latter's life. Fred Lovett told of leaving Elkhardt with Virgil Decker on the evening of March 3 previous to the finding of the body of LeRoy near the Pennsylvania railroad crossing west of Warsaw, Ia.

Driving thru the country the witness testified he was told by Virgil that they were lost and made inquiry at a farm house afterwards identified as the home of Fred Decker, a brother, also held in jail on a charge of murder. The witness said they continued the drive to an abandoned farm where they took refuge from the cold in a barn.

The fact that young Lovett failed to go to sleep in the barn and that he did not closely enough resemble Virgil Decker is charged by the state to have been the reason why the plot to kill him was not carried out that night.

Believe O'Callaghan Has Returned Home

Washington, June 4.—Donal O'Callaghan, lord mayor of Cork, who came here six months ago as a stowaway to testify before the commission of the committee of one hundred investigating the Irish question, is believed by officials of the department of labor to have returned to Ireland. The lord mayor was given classification in this country as a seaman and allowed until midnight tonight to leave the United States.

H. J. Henning, assistant secretary of labor, said today that the department had "every reason to believe that before the limit allowed O'Callaghan to leave he will have shipped aboard another ship."

MAN KILLS WIFE  
Chicago, June 4.—Because he believed she had forgotten to place flowers on their baby's grave, Albert Beardsley of Melrose Park, killed his estranged wife, Mrs. Alice Beardsley, aged 19, following a quarrel on a street this morning and then shot himself. He died in a few moments. The Beardsleys separated two months ago, shortly after the death of their baby.

REWARDS AGGREGATING \$6,000 were offered for the arrest and conviction of the train wreckers part of which laws offered by the Chicago & Alton and the rest by the board of supervisors of McLean county.

PRIEST PLEADS NOT GUILTY  
Toledo, O., June 4.—Father Anthony Corek, New Chicago, Ind., parish priest, was arraigned before Federal Judge Kilgus today and pleaded not guilty to a charge of conspiracy in connection with the Toledo \$100,000 post office robbery. He was released on a \$10,000 bond.

John Paulek and Paul Bartinkowski of Indiana Harbor, Ind., were arraigned with Father Corek and also pleaded not guilty to the same charge. Their bond was fixed at \$5,000 each.

They will be put on trial with a score of more other suspects in federal court here on Monday.

## STEEL CORPORATION FILES ITS REPLY TO TRADE COMMISSION

Colorado City is the Scene of Desolation After the Arkansas River Overflowed Into the Streets of the Business District—Many Fail to Heed the Flood Warnings and Die

WASHINGTON, June 4.—The United States Steel Corporation and its eleven subsidiaries filed today with the federal trade commission an answer to the commission's complaint of last April in which unfair competition in interstate commerce was alleged. The case will go to trial on its merits before the commission which will determine whether an order should be entered requiring the companies to desist from the practices complained of in the complaint. The date will be fixed later.

Answering each allegation the steel corporation and its subsidiaries call attention to the decision of the supreme court on March 1, 1920, dismissing the suit brought against the corporation under the Sherman anti-trust act. They aver that the record shows:

## HOUSE CONCURS IN PURPOSE OF HARDING TO LIMIT ARMAMENT

Joint Resolution Approved by President to be Presented

(By The Associated Press)  
WASHINGTON, June 4.—A joint resolution concurring in the declared purpose of the president to call an international conference to limit armament, was agreed upon today by Republican members of the house foreign affairs committee as a substitute to the House disarmament amendment to the naval appropriation bill. The text was drafted by Chairman Porter after a conference with President Harding at the White House last night and is believed to have met with his approval.

It will be introduced Monday. The president would be placed at the head of the disarmament movement, with congress expressing its full concurrence in his declaration as set forth in an address to congress, "that we are ready to cooperate with other nations to approximate disarmament but earnest prudence forbids that we disarm alone. The resolution follows:

"Resolved, By the senate and house of representatives of the United States of America in congress assembled, that the congress hereby expresses its full concurrence in the declaration of the president in his address to congress on April 12, 1921, that we are ready to cooperate with other nations to approximate disarmament but earnest prudence forbids that we disarm alone, and further fully concurs in his declared purpose and intention to call an international conference to consider the limitation of armaments with a view to lessen materially the burden of expenditures and the menace of war; and that for the expenses preliminary to and in connection with the holding of such conference the sum of \$100,000, to be expended under the direction of the president is hereby appropriated."

WEEKS MEN'S BOYS PLACED UNDER ARREST  
Milwaukee, Wis., June 4.—Armed with an automatic revolver and dressed as a boy, Sophie Drdzinski, 19, was taken from a C. and N. W. railroad train at Oconto and returned here today for questioning concerning recent robberies. The girl's companion, Gust Sommerich, 25, leaped from the train at Oconto and escaped, but was arrested at Iron Mountain, Mich., and will also be brought to Milwaukee, the police said. The girl denied connection in any robbery. She told detectives her home is on a farm one mile from Marinette, Wis., and that she has been working in Milwaukee for several months.

VOLSTEAD WANTS BEER BILL ACTED ON  
Washington, June 4.—Chairman Volstead of the house judiciary committee announced today that he would ask the rules committee early next week to give right of way to his beer bill so that it might be called up for immediate consideration. Should the bill take its usual course it might not reach a vote at this session.

MEET IN SEDALLIA IN 1922  
Hannibal, Mo., June 4.—Selecting Sedalia for their 1922 convention the United Commercial Travelers of Missouri adjourned their 20th annual session here today. W. B. Stark, of Neosho, was elected grand counselor.

PROBATE COURT  
Judge Samuel yesterday appointed J. E. Osborne as guardian of Donald Kennedy, a grandson of the late Mrs. Amelia Wetters and so interested in her estate.

No wonder there is an increasing demand in this and other states of the union for fire prevention work. The records show that last year 15,219 persons in the U. S. lost their lives in fires and property loss ran to \$505,000,000. But the most surprising fact about these fires is that 87 per cent were in the preventable class.

Those who from an unbiased viewpoint have watched the course of events in the campaign for supreme judgeship, believe that Judge C. E. Chipfield of Canton will be the choice of the voters. Judge Chipfield is so eminently

qualified for the office by training and experience that his strength has grown steadily as election day has approached. If he is given a majority of the votes in the election tomorrow this district will have a representative in the supreme court in every way worthy of and fitted for the honor.

While chinch bugs menace the farmers and some other conditions cause worry, the farmer can really be optimistic when he thinks of the various projects the government has under way for the betterment of agricultural conditions. A special tariff bill has been enacted. The president has been in conference with the leading financiers of the country purporting to find out what can be done to aid farmers in a financial way. These positive steps are being taken to improve the foreign credit situation. These things are only a few of a number with which the federal government is seeking to stabilize farming conditions.

With these things in mind it is natural that the farmer who chins and studies conditions looks to the future in a very hopeful way.

## MISS DYE IS BRIDE OF C. A. MARKILLIE

Well Known Young Woman United in Marriage to Winchester Man Saturday Evening.

Carl Arthur Markillie of Winchester and Miss Beatrice Dye of this city were united in marriage at 8 o'clock Saturday night at Central Christian church.

The ceremony was said by the Rev. Myron L. Pontius, pastor of the church. Miss Rebecca Winger was bridesmaid and Lawrence Dye, brother of the bride, was groomsmen.

Before the ceremony Miss Nelle Self sang in her usual splendid manner. "Because" The wedding march from Lohengrin was played by Frank Collins, Jr., of Virginia.

The bride is the daughter of Mr. and Mrs. R. L. Dye of this city and graduated from the high school. For the past seven years she has been a student in piano and voice at the High School Conservatory of Music and is an accomplished musician. For some time she has been pianist at Lattrell's theatre. She is a member of Central Christian church and active in its work and with a young lady of great personal charm and manner.

The groom is a son of Mr. and Mrs. A. T. Markillie of Winchester. He graduated from the Winchester high school and during the war served with 267th Aero Squadron overseas. He is also a member of Central Christian church and is employed by the Jacksonville Railway and Light company. He is a young man of proven worth and highly regarded in the community.

Following the ceremony the wedding party went to the home of the bride's parents where a wedding supper was served and a reception held. Among the guests were: Mr. and Mrs. A. T. Markillie, Mr. and Mrs. Charles O'Connell, Miss Hazel Doyle, James Doyle, Miss Ruth Collins and Floyd Redshaw, all of Winchester.

The couple were the recipients of many handsome and useful gifts. Among them was a check for \$150 from the bride's father and one for \$50 from the groom's father.

The bride wore a gown of white satin with a large picture hat of white satin and feathers and carried a bouquet of bride's roses. The bridesmaid's gown was of yellow organdie with hat to match and she carried a bouquet of pink roses and ferns.

## BITTER MAYORALTY CONTEST NEARS CLOSE

Minneapolis Will Hold Election June 13. Fight Between Thomas Van Lear Radical Candidate and Col. George E. Leach Endorsed by Republicans.

MINNEAPOLIS, Minn., June 4.—(By A. P.)—One of the most bitterly fought mayoralty contests in the history of this city will come to a close on June 13, when voters of Minneapolis will elect either Colonel George E. Leach or Thomas Van Lear, as the city's executive. Not since the last general election in November has there been such strenuous campaigning.

Mr. Van Lear, mayor of this city four years ago, and endorsed this year by the Working Peoples Nonpartisan Political League and the local Trade and Labor Assembly, led his four other opponents in the primary election May 9, his nearest competitor being Colonel Leach, who trailed him by about 7,000 votes in winning the other nomination.

Colonel Leach, commander of the 151st Field Artillery was selected in April by an unofficial Republican convention to make the race against what the convention termed "radical" candidates. T. H. Colwell, also a Republican, but opposed to the convention plan, remained in the race, but ran third.

Outstanding in the election was the placing on the ballot and strength shown by Labor and Socialist candidates running for the city council and other municipal offices. Although elected four years ago on the Socialist ticket, Mr. Van Lear has quit the organization and since been identified with the Nonpartisan League. A socialist nominee for mayor, put up against Van Lear, polled few votes.

Socialist and labor candidates will make up a bigger minority of the city council than at present. Of the seven Socialist aldermen now in office, five are holdovers whose terms expire in 1923, and due to the elimination of their opponents in the primary, the labor and Socialist group may bring their voting strength to 11 of the 26 votes in the council.

Both forces—the Leach and Van Lear—have urged strenuously that all eligible to vote, do so. The primary election was a disappointment to them as only 92,500 persons voted as compared to 150,000 in the last general election.

The campaign has been marked by numerous verbal clashes between the nominees, the Van Lear forces charging Leach with being the tool of the Republican gang and the Leach adherents attaching radical appellations to Van Lear.

## WEDDING DATE ANNOUNCED

## MORGAN COUNTY MEMORIAL BUILDING

(In honor of soldiers and sailors who served during the world war.)

Tomorrow, June 6th, the voters of Morgan county will have an opportunity to express their will in regard to the erection of a county memorial building in honor of the soldiers and sailors—living and dead—who served their country in the world war.

Fifteen hundred Morgan county men answered the call to duty and served where the war department directed; in the student army training corps; in the training camps of the United States, preparing themselves faithfully for the fray; on the high seas where they defied the lurking submarines and kept the way open for commerce and the passage of our troops; on the battle swept fields of France and Belgium where they courageously and successfully met the enemy inferno of shell, bullet, shrapnel, bomb, and gas.

Sixty-six of these Morgan county young men paid in full and now lie in soldiers' graves in the local cemeteries, or in the shell torn fields of Flanders where the beautiful poppies drew their nourishment from the soil enriched by the life blood of these fallen heroes. Some of them are numbered among "The Missing" whose fate and final resting place will always be shrouded in mystery. They have answered the summons of the Commander-in-Chief of all and have gone to receive the reward reserved for those who perform their duties nobly and unselfishly.

It is gratifying to know that the memorial proposed for this county is a practical one. Citizens who are interested in the memorial building have suggested that, among other features, the building should contain a large auditorium suitable for holding public meetings, presenting plays, holding concerts, convocations, basketball tournaments and other gatherings where large floor space and ample seating capacity are required. This suggestion will undoubtedly be followed out in the building if the voters of the county approve the project tomorrow.

The law provides that available space in such a county memorial building as is planned may be set aside by the county commissioners for the use of such organizations as the G. A. R., Woman's Relief Corps, Service Star Legion, D. A. R., Spanish-American War Veterans, Veterans of Foreign Wars, American Legion, Morgan County Red Cross Chapter, Morgan County Farm Bureau, Morgan County Poultry association, Morgan County Good Roads association, Morgan County Fair association, Morgan County Tuberculosis association, Morgan County Anti-Horse Thief association, Morgan County Stock Breeders association, Morgan County Medical society, Morgan County Boy association, Morgan County Boy Scouts and Camp Fire Girls organizations and for other similar non-partisan and non-sectarian organizations not organized for profit. A building erected in memory of the soldiers and sailors of the county and containing the headquarters of these and other organizations would be a real county memorial building. It would be a substantial, practical, useful, permanent memorial—a credit to Morgan county and a fitting testimonial to the service of the men in whose honor it is erected.

Everything worth while in this life costs something in the form of human effort, sacrifice, and money. Sentiment among the voters seems to be strongly in favor of the proposed memorial building. There are those, however, who hesitate about voting for it because it will cost something. But with the payment for the building spread over a period of twenty years the yearly cost will not be burdensome to anyone. Those who are inclined to vote against this proposition on account of the cost might well profit by emulating the spirit of the voters of the khaki when they were called upon. From time to time, as Uncle Sam desired their services, they gave up their husbands, their work on the farm, in the shop, office, or factory. They left their families, their wives, their children, their sweethearts, their friends, their homes—everything worth while—and did not stop to count the cost. In training camps they took up a new mode of life, new occupations, spent long weary hours of day and night mastering their new duties in order better to fit themselves for the supreme test ahead—but never stopped to figure the cost. When they were placed aboard crowded transports and set out on the 3,000 mile journey across the Atlantic, braving the storms and the lurking, murderous submarines, the possible cost did not enter into their calculations. In the cold, gray dawn of the morning, at zero hour, when the order came, "Over the top," they were an unknown quantity to them.

Tomorrow, as the ex-servicemen of the county see the voters going to the polls, they will naturally be wondering whether the voters are approving their service by voting for the memorial building or whether the voters are repudiating their service by voting against it. They look forward confidently to the decision of the voters.

## WINCHESTER BAND IN FINE CONCERT PROGRAM

Organization Made First Appearance Saturday Afternoon—Stock Company Closed Week's Engagement—Other News Notes.

Winchester, June 4.—The second band which Mr. Waters has been training made its first public appearance Saturday afternoon, giving a fine concert program in the park. A large company assembled to hear the music and all were greatly pleased with the program. Mr. Waters deserves great credit for the work he has done in training the musicians. The program was as follows:

March, "Tico p Eight" (Mackie).  
Waltz, "Thine Own" (Beyer).  
Mazurka, "Arm In Arm" (Beyer).

"Maryland, My Maryland," "Yankee Doodle" (Mackie).  
March, "Courage" (Hayes).  
Mr. and Mrs. John Z. Gainer of Morrisville are guests at the home of Jerry Ring and family.

Arthur Markillie and family, Mrs. Claude Burrus and son, Dean; Edward Markillie and wife; Mrs. Mary Shipley, Miss Alice I. Mutch, Miss Ruth Coulter and James Doyle attended the wedding of Carl Markillie and Miss Beatrice Dye which was solemnized in Jacksonville Saturday evening.

A large number of people were present from Manchester and Albany to attend the funeral of Robert Mason.

Miss Margaret Watts of Manchester was here for a short visit with her brother before he left for Clinton, where he underwent an operation. He is now improving in a satisfactory way.

Dr. George Brengle, who has been ill for some time past, is now improving in a gratifying way.

Alonso Ellis, Mrs. Bertha Pruske and Mr. Baldwin of White Hall were here to attend the funeral of Robert Mason.

The Curtis-Shankland Stock Co., closed a week's engagement here Saturday night. The company is one of the best on the road and all who attended their performances were greatly pleased with the entertainment provided.

Mr. and Mrs. Earl Rogers of Beardstown arrived Saturday to visit at the home of Mr. and Mrs. Nathan Wallace.

## WILL DESTROY SUBMARINE

Chicago, June 4.—Another provision of the treaty of Versailles will be executed on Tuesday afternoon some thirty miles off Chicago when the four inch guns of the U. S. S. Wilmette, sink the German submarine U-57. The U-boat, which toured the Great Lakes during the victory loan campaign, is to be destroyed in accordance with the decision of the peace delegates.

Stripped of all removable machinery and tons of copper and brass parts, the rust-eaten hulk has been lying here for more than a year waiting its fate. The once deadly sea fighter, with a known record of seven allied ships sunk, will meet its doom at the hands of 200 naval reservists from Indiana and Illinois, as a part of their annual summer manoeuvres.

## TO ATTEND BACCALAUREATE SERVICES TODAY

The baccalaureate services of Illinois Woman's college will be held this morning at Grace church. The sermon will be preached by Dr. J. R. Harker. Former students, members of the board of trustees and visitors are requested to meet at the college this morning at 10 o'clock and join in the procession to the baccalaureate service.

## MR. ESCHBACH LEAVES

Herbert Eschbach, who has served as manager of the Grand Opera House here for the past six months, will leave tonight for LaSalle and will assume the management of the Fischer theatre there, the largest one in the group that Mr. Fischer controls. Mr. Eschbach has made an excellent record in the management of the local house.

## FLOOD WARNINGS SENT TO 17 TOWNS

Denver, Colo., June 4.—Flood warnings were despatched to 17 towns and forming centers from Pueblo today to the Kansas state line east by District Weather Forecaster Sherier. Intense dark clouds loomed in northern and central portions of the state all day and weather officials forecast a second downpour in limited areas.

Telegrams were sent by the bureau to Wichita and Dodge City, Kansas to warn of the approaching flood down the Arkansas river.

## MURRAYVILLE SENIORS ENJOYED PICNIC HERE

Members of the senior class of the Murrayville high school came to the city yesterday to have a group picture taken. Later they went to Nichols park for a picnic supper, enjoying several hours there with games and various pastimes. The young people were accompanied by Sup. Arthur Letz and the teachers, Misses Gordon and Clark.

Robert Woodall of Albany was a Jacksonville visitor Saturday.

OWNS VALUABLE LINCOLN RELIC  
During the past week Charles S. McCullough of the firm of Mollenbrock & McCullough was a visitor at the Lincoln monument. Mr. McCullough is owner of one of the very rare negatives of the New Salem mill, which has its part in the life story of Lincoln. A print from this negative has been in the famous Fay Lincoln collection for more than 20 years, the negative having been made nearly forty years ago. Now because of the renewed interest in the Old Salem area and the purpose to make a state park there, the facts about this old negative have special interest.

CROSS COUNTRY AUTOISTS  
Howard Lennin and Wm. Vey of New Vienna, Ohio, arrived in the city by auto Friday evening and left for the far west yesterday morning. They reported roads generally good with occasional muddy places.

## OBITUARY

Funeral services were held recently for William C. Ledford in the Presbyterian church. The service was held by Rev. D. V. Gowdy. Mr. Ledford was a native of Georgia and had been in Jacksonville for many years. He was a member of the Presbyterian church and was well known in the community. He was a successful businessman and was a member of several organizations. He was a devoted husband and father and was loved by all who knew him. He was a member of the Jacksonville Chamber of Commerce and was a member of the Jacksonville Athletic Club. He was a member of the Jacksonville Golf and Country Club and was a member of the Jacksonville Yacht Club. He was a member of the Jacksonville Country Club and was a member of the Jacksonville Country Club. He was a member of the Jacksonville Country Club and was a member of the Jacksonville Country Club.

Appropriate hymns were sung by a male quartet. The many beautiful flowers were in charge of Misses Violet, Florence and Fanny Barber, Pauline Ledford, Marguerite Hodges and Mrs. Thomas Harber. The pall bearers were close friends and schoolmates of the deceased: B. F. Allen, J. Marshall Miller, John Reeve, S. O. Shuff, J. O. Priest and James L. McDonald. The remains were tenderly borne to East Cemetery and laid to rest witnessed by a large number of friends and relatives. So passed a noble life, full of everything that makes life worth living. A previous one from us has gone. A voice we loved is stilled. A place is vacant in our home. Which never can be filled.

## A COMMUNICATION

Editor Journal:  
In my opinion if the people were made to strictly adhere to the laws regarding the driving of automobiles and other vehicles, and if the fines were made much more severe for anyone who breaks the law, there would be a great lessening in accidents. There are more law violations every day that go unprosecuted than most people realize. This is not only the case in Jacksonville but in most all other cities, and it should not be true.

The way to prevent accidents is to do away with the causes. I would suggest that the city make a record of the names and addresses of every person who owns and operates an automobile in the city. This would be an easy matter. Then each one should be sent a copy of the laws governing traffic, or to be required to call for a copy of such laws. Then no one could claim ignorance of the law, and in case it was proven that someone had carelessly broken any of the laws there would be a heavy fine, say of \$25 instead of the usual \$5, and where it had been \$10 before it would then be \$100, and so on.

There are lots of people who do not mind paying these small fines. They will pay the fine and then do the same thing over again or perhaps something worse. Traffic is getting greater every day here and it behooves us all to try and do all we can to protect life. I believe that if this should be brought about it would lessen accidents at least two-thirds.

It is a terrible thing to read of people getting killed or crippled for life by someone's careless driving, but how much more terrible it would seem if it should happen to some member of our own family. So we all ought to do all that we possibly can to prevent such horrible things happening. It is an old saying but a very true one, that "It is too late to lock the stable after the horse is stolen."

### THE TUBERCULOSIS SANITARIUM.

Various erroneous statements have been made in regard to the Sanitarium property, for instance that there is a large mortgage upon it, amounting to \$35,000 or more. The facts are that the property, embracing sixty acres of land, cost the county \$35,000.00, and that there is still a vendor's lien upon it for about \$12,000, and this is all. About 35 or 40 acres of land could be sold, and from this might be realized a sum almost sufficient to pay off the lien indebtedness.

The floating indebtedness, including all contracts necessary to complete the plant, was about \$27,000 on April 1st. Taxes for the year 1920 for the Sanitarium amount to about \$21,000. This will almost pay the floating indebtedness and complete existing contracts. When this is done, the county will have a splendid and well-equipped property.

It is intended for all forms of tuberculosis, and its purpose is not merely to cure such cases, but to protect the community from the danger of infection from "open cases."

The vote that will be cast upon this question on Monday next will determine whether a majority of the people of Morgan county attach more importance to a few dollars than they do to the health and lives of the citizens of the county.

The Morgan county sanitarium is the only one in this Congressional district. Other counties in the district have levied a tuberculosis tax and expect to send their patients here to pay for their care and treatment. They look to Morgan as a leader in this course.

Thomas Worthington.

## FARM BUREAU NOTES

## Corn Disease Plot.

As previously announced arrangements have been made for a corn plot on H. F. Garfield's farm on North Diamond street. The first five will be planted with good seed and the fourth five with diseased seed. It is the plan to have several meetings at this plot during the season. As corn root rots are estimated to cut the yield 15 per cent, the importance of this study cannot be overestimated.

## Cutting Sweet Clover Hay.

There are two seasons of the year during which under favorable conditions, sweet clover may be cut for hay. The first is in the autumn of the same year the seed was sown and the second is in the following spring. This latter period is when perhaps most sweet clover in Illinois is cut for hay. The clover should be cut when from 24 to 30 inches high and before the buds appear. If allowed to go longer, the stems become so coarse and woody that stock will waste a considerable portion of it.

If it is desired subsequently to obtain a seed crop, it is necessary to cut the hay as high as possible, otherwise the clover will be killed. For this purpose special shoes should be attached to the sickle-bar, whereby the clover may be cut 8 to 10 inches above the ground. With a good stand, a yield of from 1 1/4 to 1 1/2 tons of dry hay may be expected. The average yield on the Agronomy plots at Urbana during the last five years amounted to 1 1/4 tons per acre. At Fairfield, where a shorter stubble was left the yield was 1 1/3 tons per acre.

On rich soils, it is sometimes possible to secure an excellent crop of hay the first season. This is particularly true when abundant rains occur after the removal of the small grain crop with which the clover was sown. Cut at this season of the year, the stems are fine and there is large proportion of leaves. It is considered advisable to delay this cutting until after the crown buds have been formed. There seems to be no necessity for leaving a high stubble. On the Agronomy plots at Urbana, yields of from 1 1/2 tons to over 2 tons per acre of excellent hay have been obtained.

Sweet clover hay, especially that cut in the spring is difficult to cure. At that season, the latter part of May or the first part of June, rains are of frequent occurrence. Moreover, the stems are so large and succulent they cure slowly. The leaves, however, dry quickly and shatter easily when handled. In order to prevent the loss of leaves, some authorities recommend raking the hay when only partially cured. It is then put into tall narrow shocks where it is allowed to stand 8 or 10 days to complete the curing process. It has been the experience of the Crops Division that sweet clover shocks are liable to take water seriously, resulting in the ruin of the hay. Better results have been obtained by allowing the hay to cure in the swath. It is then raked into the windrow while still damp with the dew and when sufficiently dry loaded directly onto the wagon with as little handling as possible.

It has frequently been stated that stock will not eat sweet clover hay. Experience has shown that after they acquire the taste for it, all kinds of stock relish it and thrive. Numerous chemical analyses have shown that in composition it compares favorably with alfalfa, while feeding experiments have demonstrated it to be nearly as valuable.

A partial analysis of sweet clover hay cut on the Agronomy plots Oct. 6, 1920 showed that it contained 18.5 per cent of protein. A sample taken one month later from a portion of the field remaining uncured contained 4 per cent less. The difference may perhaps be explained by the dropping of a portion of the leaves, by leaching due to October rains and by translocation of the various constituents of the plant to the roots preparatory to the winter.

## CLAIMS TO HAVE DISCOVERED SECRET

Legend Banker Believes He Has Discovered Secret of Stradivarius on His Violin—Has Been Lost for More Than 200 Years.

Springfield, June 4.—(By A. P.)—Lost for more than 200 years, the secret process by which Stradivarius' violins are claimed to have been rediscovered by Fred A. Horn, a banker at Laomi, near here, who in his leisure hours manufactures instruments as nearly as he can like those of the Italian master.

His violins are in demand in Springfield at substantial prices, but Mr. Horn is not in the business of making violins. He does it only for the pleasure it gives him, and he works at it only as he pleases. For years he labored his friends say, completing violins, varnished and unvarnished, touching his ear to one, and then to another, forever listening with critical ear to the qualities of sound.

Lately he announced he believed that at last he had found it—the secret process of the maker of Cremona, which other violin makers for two hundred years have sought in vain. Mr. Horn has demonstrated the qualities of his improved instrument to a few friends but has not yet submitted it to a jury of critics.

His work shop at Laomi is a small comfortable shed near his home, where slabs of wood hang from the ceiling. After banking hours, when the spirit moves him, Mr. Horn enters his work shop and builds a fire. Then he sits down, he says, and waits for a slab to "speak" to him. "Take me," a slab appeals, "and see what you can do," Mr. Horn says he hears one say.

That one he takes and starts the process which has produced instruments of beauty, "pretty as a picture," local orchestra leaders say, which stand comparison with the best make of modern fiddles.

Mr. Horn has not disclosed the process he says he has rediscovered, nor the manner by which he found it.

The search he has quietly conducted has been the common search of many violin makers. Different and contradictory theories have been advanced from time to time to explain Cremona's varnish. It was in use only from 1550 to 1750. After that it would seem to have vanished as completely and mysteriously as it appeared.

One of the many theories advanced is that successive and superimposed coats of oil and spirit varnish were applied by Stradivarius. Most makes now are finished with oil varnish alone.

Importance of the varnish is not over-estimated by Mr. Horn. It is emphasized in various books on the subject, and especially in Grove's Dictionary of Music.

"It was the understanding of the relationship between perfect proportions and a pliable protective covering that clings to the wood and vibrates with it, that made Stradivarius' violins so transcendently superior to all others," says the dictionary. "What were the component parts of the varnish employed by Cremona's famous luthier it is impossible to say. Two hundred years have passed since their application—a period long enough for the gums, resins, and diluents to have become oxydized beyond the reach of quantitative or qualitative analysis."

### BOSTON IS GREAT PORT FOR LOBSTERS

Boston—(By A. P.)—If the trend of the times in sea food were to be followed, the lobster might be bracketed with the sacred codfish as the emblem of this state's fishery activities. Figures just announced for the last year show that a total of 3,500,000 lobsters came into this port, an average of a thousand a day. By thus adding to its prestige as the principal lobster market of the world Boston sometimes described as the home of the bean and the cod, might be known as the "lobster port."

Steamers from Halifax, N. S., and snags from ports in Maine and Massachusetts have landed live lobsters here this spring at a rate promising to surpass even the record receipts of last year. In addition canned lobster meat to the extent of six or seven hundred thousand pounds passes thru this port.

The lobster ground which extend from Nova Scotia to New Jersey, send most of their products here, as the bulk of the catch comes from Nova Scotia and Maine. Regardless of the source, the lobsters are subject to the Massachusetts law as to legal length and all "shorts," those measuring less than nine inches from nose to the tail—are sent back to the sea.

The Massachusetts coast in this way profited by lobster immigration from Nova Scotia and Maine to the extent of 35,000 "shorts" last year. This season, officials of the state fish and game commission said, 11,000 have been culled out as short up to May 1.

The shorts are taken to selected places on the coast and dumped overboard, to establish new colonies, bringing added numbers to old ones there to grow and become available for a legal trip to market.

## BANKERS ARE OPPOSED TO BILL

Springfield, Ill., June 4.—(By A. P.)—Characterizing Senate bill No. 214, which has reached third reading in the senate, as "discouraging thrift and saving on the part of our people," the Illinois Bankers' association has condemned the measure as defeating in effect the very end it was intended to secure.

This bill, introduced by Senator Denvir of Chicago, provides that banks shall credit interest on savings deposits quarterly, and that withdrawals from such deposits shall be taken from the last deposits instead of the first. It requires banks to report semi-annually to the Auditor of Public Accounts amounts credited as interest on savings deposits.

"This proposal," according to the bankers' association, "really wipes out the distinction between commercial accounts and savings

accounts. The reason banks are able to pay interest on deposits of small amounts is due to the fact that these are deposited for a fixed period. The proposed law really contemplates interest on accounts payable on demand. This would require a larger clerical force for the mere purpose of estimating interest, and the result would be that banks would not find it profitable to pay interest and their result would be that banks would not find it profitable to pay interest on small accounts thus discouraging in effect and savings on the part of our people."

## MIRACULOUS ESCAPES PETURE COLORADO FLOOD

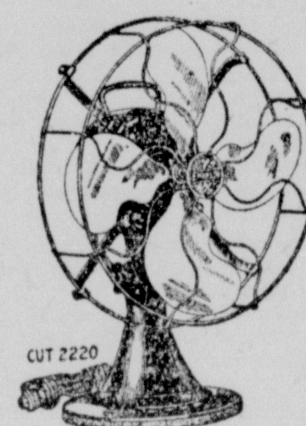

Lovelyland, Colo., June 4.—Miraculous escapes rather than deaths featured the storm and flood that visited this city. Jacob Armat, his wife and ten children were washed down stream in

their small farm house and all rescued. What was still more unusual was the case of L. H. Murphy and Lee Scobey, both struck by lightning who will recover.

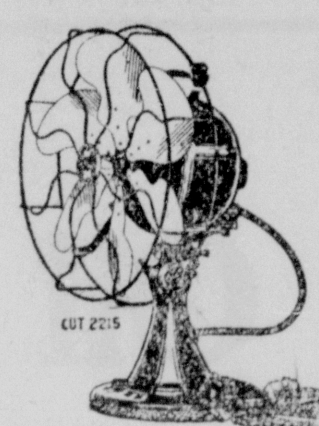

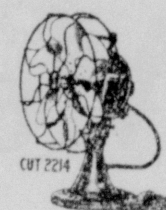

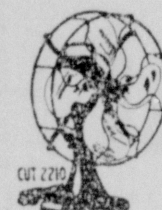

Clyde Shuway, his wife and six children sought and found safety in a tree after their home had been carried away.

TO FURTHER ARBITRATION.  
Chicago, June 4.—The Chicago Association of Commerce is raising a fund of \$30,000 to be expended in furthering the movement for commercial arbitration, or trade courts.

"It is believed that an intensive campaign for a few years will immensely encourage arbitration," comments Chief Justice Harry Olson of the Chicago Municipal Court. "This will tend to relieve the courts. It will afford lawyers a swifter means for litigation and on the whole a more expert one."

## FORMER PASTOR OF WOODSON CHURCH DIES

Rev. W. H. Oldham Passed Away at Clinton, Ohio—Other News from Woodson and Vicinity.

Woodson, June 4.—Word has been received here of the death of Rev. W. H. Oldham, a former pastor of the Woodson Christian church, Rev. Mr. Oldham was pastor of the Christian church at Clinton, Ohio, at the time of his death. The minister delivered a Mother's day sermon about two weeks ago and the same day was stricken with pneumonia. His condition gradually grew more serious until death came a few days since. Many residents of Woodson and the community will be sorry to learn of his death.

Mrs. I. H. Fuller returned Saturday from Denver, Ill., where she was called by the serious illness of her sister.

Dr. and Mrs. A. L. Adams of Jacksonville will visit Woodson Sunday and will speak for a few moments at the churches in the interest of the anti-tuberculosis sanatorium. Later in the day they will visit Murrayville for the same purpose.

Rev. I. H. Fuller, Misses Mabel Henderson and Miss Lucille Adams returned home Friday from Beardstown where they went to attend the district convention of the Christian church.

## ANNUAL OUTING OF ELI EMPLOYEES

Enjoyed Splendid Day at Park Saturday—Games, Amusements and Plenty of Eats

The employees of the Eli Bridge Company and their families to the number of about one hundred left the plant Saturday morning at 9 o'clock in cars and trucks for Nichols park where they enjoyed the annual all day Eli picnic.

Friday a bulletin was issued to each employee stating the part that each one was to perform.

The work of the weather committee, which was made up of Leta Sullivan, Estelle Bingham, and Sylvia Pieper, was very commendable and the good weather enjoyed was due, according to them, to the efforts made to make friends with the "weather man."

There was also a children's committee which made things pleasant for the little ones. It was made up of Nell Sullivan, Vera Roodhouse, Alice Goodall, and Mabel Vannier.

The "Get Acquainted" committee was composed of Julia Sullivan, Della Balsey and Laura Harrison. They saw to it that every one was acquainted with everyone else.

An entertainment committee made up of Hauser, Kohl and Sandler provided contests and novelty races in the morning and awarded prizes to the winners. In the afternoon two pick up teams played a base ball game, which proved of interest.

A refreshment committee made up of H. Lipsmire, Vannier, Smith, Harrison and Goodey provided lemonade, pickles, olives and ice cream cones and this together with the sandwiches, salads, cakes, and other good things which the ladies brought in well filled baskets proved to be more than sufficient to satisfy the hunger of the most ravenous "Eli"ite. The dinner was served on long tables in the cool shade of the park.

The transportation committee was Johnson, Lee Sullivan and Prewitt. Ben Roodhouse was the general chairman of the organization.

## Illinois University Wins Big Ten Event

State School Sweeps Thru With Many Seconds, Thirds, Fourths and Fifths to Offset the Scattering Firsts by Other Schools—Michigan Was Second and Wisconsin Third

CHICAGO, June 4.—Illinois with a team which swept thru the second, third, fourth and fifth places but won only two firsts today was an easy winner in the twenty-first annual track and field meet of the Western Conference, Michigan, by winning the relay thru the great running of Butler, was second, scoring 35½ points to Illinois' 61, while Wisconsin finished third with 29.

Despite chilling lake breezes which tended to stiffen the muscles of the 250 athletes taking part, remarkably good marks were made in many events. Two conference records fell before the brilliant work of the collegians and another was tied. Hoffman of Michigan set a record for the javelin throw of 178 feet, 4 inches.

Johnny Murphy, Notre Dame's high jump champion cleared the high jump bar at six feet, 2½ inches to beat the old record of 6 feet, 2¼ inches, made by Carl John Johnson of Michigan in 1919.

Billy Hays also of Notre Dame was aided by a strong wind in the 100 yard dash and crossed the tape in 0:9 4/5 to tie the record held jointly by himself and several others.

Hamilton Individual Star. Aside from the splendid team work of the Illinois aggregation the performances of Brutus Hamilton of Missouri national pentathlon and decathlon champion stood forth. He placed first in Illinois, scoring 11 points, and easily was the individual star. Hamilton was second in the broad jump, second in the pole vault, fourth in the javelin throw and fifth in the shotput.

He narrowly missed first place in the pole vault when he got a bad run on his last attempt at the 12 foot mark.

Next to Hamilton in individual work came Knollin of Wisconsin with 10 points, while Wilson of Iowa and Hays of Notre Dame each had nine.

Illinois was deprived of several first places by the work of men from schools outside the conference. The two firsts won by Illinois, the two mile run and the hammer throw, were not needed to win, however. Notre Dame and Michigan tied for first, each getting three.

The final event, the relay, proved the most thrilling event. Chicago started off ahead but surrendered the lead to Illinois on the second lap. In the final lap, Captain Butler of Michigan starting in fourth position gradually forged to the front and broke the tape a step ahead of the Illinois runner. The Michigan team was composed of Lewis, Burns, Welzel and Butler. Gus Desch of Notre Dame, Olympic man proved a disappointment in the 220 yard low hurdles, finishing fourth but only a few steps behind Knollin of Wisconsin, the winner. The 220 yard dash won by Wilson of Iowa and the 100 yard dash, with Hays of Notre Dame the victor, also brought headline finishes.

Other teams finished as follows: Iowa, 17½; Ames, 14; Missouri, 11; Ohio State, 10; Northwestern, 13; Purdue, 9; Minnesota, 4; Chicago, 3; Michigan Aggies, 3; Butler, 1.

Summaries. 100 yard dash—Won by Hays, Notre Dame. Second Wilson, Iowa. Third, Kohrer, Purdue. Fourth, Leach, Michigan. Fifth, Prescott, Illinois. Time 9 4/5 seconds. Ties conference record held jointly by Blair, Chicago; Mar, Illinois; and Ward, Chicago.

120 yard high hurdles—Won by Knollin, Wisconsin; second, Lewis, Burns, Welzel and Butler. Time 2:25.

220 yard low hurdles—Won by Knollin, Wisconsin; second, Wallace, H. H. Illinois; third, Anderson, Minnesota. Time 2:25.

Hammer throw—Won by Hill, Illinois; second, Furness, Illinois; third, Blackwood, Northwestern. Distance 129 feet.

One mile relay—Won by Michigan; second, Illinois; third, Ames; fourth, Chicago. Time 3:25.

Broad jump—Won by Cruikshank, Michigan; second, Hamilton, Missouri; third, Stinchcomb, Ohio; fourth, Sundt, Wisconsin; fifth, Osborne, Illinois. Distance 22 feet, 2½ inches.

Shotput—Won by Shaw, Notre Dame; second, Vanorden, Michigan; third, Weiss, Illinois. Distance, 40 feet.

Three Eye Results. BUNNIES DEFEATED. Rock Island, Ill., June 4.—Three doubles, a pass, an error and a hit battered tied the score for Rock Island in the third, and with Ambrose as relief twirler the Islanders won the second game from the Bunnies 6 to 5. Rock Island's nine hits went to 14 bases.

Batteries: Sewell and Gomes; Nerman, Ambrose and Connolly.

BLOOMERS WIN AGAIN. Terre Haute, Ind., June 4.—Bloomington made it two straight from Terre Haute today 6 to 2. Going into the eighth inning one run behind the Bloomers bunched five hits, with a base on balls and a sacrifice for five runs.

Batteries: Zeiser and Harkins; Seifert and Coleman.

MOLINE WINS. Rockford, Ill., June 4.—Moline added timely hits to the bases on balls and on errors handed them and achieved an easy victory over Rockford, 8 to 4.

Batteries: Hamilton and Schot; Tenberger, Dennis and Rigby.

## GRIFFITH'S HOME RUN DEFEATS CUBS

Brooklyn Hits Alexander Hard in First and Fourth Innings—Cubs Make Upphill Fight.

Chicago, June 4.—Griffith's home run drive over the right field wall gave Brooklyn a 4 to 3 victory over Chicago today. The visitors had bunched hits off Alexander in the first and fourth innings and counted three times. The Cubs played an uphill battle and might have tied the count in the eighth if Twombly who ran for Daly had not fallen between third and home when he attempted to score on a single. He was run down and the rally ended. The score:

## INDEES WILL TACKLE FAST DAWSON TEAM

Expect Hard Game But Will Try to Shake the Old Jinx and Win—Old Lineup in the Field.

The Indees will tackle the fast Dawson team at South Side park this afternoon. Play will be called at 2 o'clock with Walter Ely holding the indicator.

The Dawson team is one of the best teams that appeared here last season. While the home team won it was only after the hardest kind of a struggle.

Boggs who hurled for Dawson is a pitcher of class. He is a side arm hurler and last year showed the locals some of the niftiest benders they saw all season. His support is composed of ball players of experience.

The Indees have not been going good the last three games. They believe, however, that it is about time to shake the old jinx. They will be out there today fighting every inch of the way and are feeling no being on the long end of the score when the game ends.

Manager Smith will present his old lineup this afternoon. Cap Denny will be back at his old place on second with Ruble at short and Morrow at third. This should make a good combination and the hurler probably will be Hamm with Clark back of the log. The teams will lineup as follows:

Indees—Denny, 2b; Wheeler, cf; Ruble, ss; Cox, 1b; Clark, c; Christopher, lf; DeFries, rf; Morrow, 3b; Hamm, Davis, p; Ferreira, utility.

Dawson—Pieddie, c; Boggs, p; Pederham, lf; Jones, 2b; W. Flannigan, cf; Thompson, 3b; Scattergood, lf; C. Flannigan, cf; Griner, rf; Zanet, utility.

PITTSBURGH EASY FOR NEW YORK. Pittsburgh, June 4.—New York took first place in the National league today when it defeated the Pirates 12 to 0. Pittsburgh had been leading the race since April 26. Cooper was hit hard and after yielding nine hits in six innings retired in favor of Morrison. This was Cooper's first defeat of the season.

Score by Innings: New York 070 004 010—13 14 1; Pittsburgh 000 000 000—0 1 0. Douglas and Snyder; Cooper, Morrison and Schmidt, Wilson.

ST. LOUIS DEFEATED PHILADELPHIA, 11-9. St. Louis, Mo., June 4.—St. Louis battered Meadows for 12 hits and eight runs in four innings and defeated Philadelphia 11 to 9 today. St. Louis used three pitchers in the ninth inning to stop a Philadelphia rally. Fournier's home run in the fourth with one man on base cleared the right bleachers by twenty feet.

Score by Innings: St. Louis 000 022 12—9 16 4; Philadelphia 000 011 11—11 9 1. Meadows, Betts, Keenan and Bruggy; Walker, Riviere, Sherdell and Clemons.

FROM NOTRE DAME. Madison, Wis., June 4.—The University of Wisconsin baseball team defeated the University of Notre Dame 6 to 2 today. The Badgers outfielded their opponents throughout the contest.

TILDEN WORLD'S HARD COURT TENNIS CHAMPION. St. Cloud, France, June 4.—William T. Tilden of Philadelphia today won the world's hard court tennis singles championship by his defeat of the Belgian player, M. Wasser, in straight sets, 6-3, 6-3, 6-3. His real superiority of the Belgian is not indicated by the point score. Tilden's 82 to Wasser's 167 does not tell the story of the match as Tilden was the winner all the way.

WISCONSIN WON FROM NOTRE DAME. Madison, Wis., June 4.—The University of Wisconsin baseball team defeated the University of Notre Dame 6 to 2 today. The Badgers outfielded their opponents throughout the contest.

## ILLINOIS FAILS IN FINAL TEST

Loses Game to Michigan Saturday by Score of 10 to 4—Game Between Michigan and Wisconsin to Decide Championship.

Urbana, Ill., June 4.—The University of Illinois failed to clinch the Western Conference baseball championship today when Michigan won 10 to 4. Three Illinois pitchers went down before Michigan's onslaught of hits and this, coupled with loose fielding, gave Michigan its final score. The steady pitching of Dixon and a sensational centerfield catch by Vogel in the eighth inning were the features of the game.

As the result of today's contest the conference title will be decided Monday by a game between Michigan and Wisconsin. If Michigan wins it will receive the title. A victory for Wisconsin will give the championship to Illinois. The score:

## MEET WILL BE MORE NATIONAL IN CHARACTER

Athletes From All Parts of the United States Will Take Part in Events.

CHICAGO. — (By The Associated Press)—Proof that the national inter-collegiate track and field meet to be held at Stagg Field June 18 by the National Collegiate Athletic Association will really be more national in character than any meet ever held in this country is found in the list of entries, which daily is becoming larger.

Scores of central western athletes tossed their hats in the ring shortly after the first announcement of the meet, and southern schools were not far behind. The latest entries are from the Pacific coast and the southwest, while assurance that eastern schools will send their stars has been received by the officials in charge.

The University of Washington has entered Hurley, its star sprint man who holds a mark of 0:09 4/5 in the hundred yard dash. Hurley also has traveled the 220-yard low hurdles in 0:24 4/5. Pratt and Douglas will represent Washington in the 440-yard dash, both having records of less than 0:50. Pope, who has hurled the discus 152 feet, 8 inches and the shot 45 feet, 8½ inches, will carry Washington's colors in the weight events.

From the University of Oregon Tuck, who throws the javelin more than 192 feet, and Walkley who has covered the mile in 4:20 will come to Chicago to compete. Washington State College will send Jenne, who has pole vaulted 13 feet, 5 inches and Rawley, its star two miler.

Southwest Entries. The Oregon Aggies have entered Snook in the short dashes and Sims in the long sprints.

Sterling of Montana, sprinter and hurdler, and Perrine of Idaho, weight man, are other western entries.

From the Southwest, the members of the Championship Texas A. and M. team are expected to make the best showing. Mahan, winner of the junior A. A. U. national championship javelin throw at Boston last year, who was the individual point winner in the southwest championship to meet this year, placing in the hurdles, the high jump and the 440 yard dash. Davis and weir, dash men, and Dietrich, javelin hurler, are other Texas A. and M. entries.

The University of South Dakota has agreed to send any of its men who break state or local conference records previous to June 18. Men who already have qualified under this plan are Jacobson in the 400s, Price the hurdler, Zimmerman in the javelin throw, and Hokenstad in the discus throw.

That the star field events men of the far west and the southwest will have keen competition is shown, however, in the entry list from the University of Missouri which includes Brutus Hamilton who finished second in the decathlon at the Olympic games. Missouri also will send G. Williams a high jumper, C. H. Williams for the hurdles and Maxwell a middle distance runner who has beaten most of the stars in this section.

## WONDERFUL RACE FOR BATTING HONORS

Hellman Closely Pursued by Cobb, Speaker and Sisler—Leader Gains Ten Points During Week.

CHICAGO, June 4.—The American League batting race developed into one of the tightest in many years with Harry Hellman of Detroit leading and Ty Cobb, Tris Speaker and George Sisler, last year's champion, setting a terrific pace which daily promises to pit any one of them ahead of the Detroit outfielder.

Hellman's average, including games of Wednesday, is .435, ten points better than a week ago. Cobb and Speaker follow, each with a mark of .408. Sisler has hit better than any of them in recent games and in the past four weeks has boosted his average more than 150 points. His mark is .404 against .375 a week ago.

The St. Louis first baseman hit safely seventeen times during the last week.

Babe Ruth continues to pole out home runs, getting his fifteenth of the season during the past week and incidentally establishing a new record for total home runs with 118. Cravath held the old mark of 17. His batting average is falling off, however, and he has a mark of .338 against .345 a week ago and .378 two weeks ago.

Other leading hitters: Severid, St. Louis, .392; Williams, St. Louis, .373; Tobin, St. Louis, .376; Stephenson, Cleveland, .356; Gharriy, Washington, .352; R. Jones, Detroit, .348. The figures are for batters who have played 25 or more games.

In stolen bases, Sisler also gained on the leaders and now is tied with Harris of Washington for league supremacy, each man having ten thefts to his credit.

In the National League, Roger Hornsby, St. Louis, continues in a slight slump which gradually is pulling his average down, but he still holds the leadership over men who have played in 25 or more games. Hornsby's average including games of Wednesday, is .413 against .435 a week ago and .457 two weeks ago.

Following Hornsby is McHenry another St. Louisian with a mark of .394.

Meusel of Philadelphia and Kelly of New York are tied for the home run leadership of the senior circuit, each having nine.

Southworth of Boston is an easy leader in stolen bases with nine.

Other leading hitters: Johnston, Brooklyn, .371; Schultz, St. Louis, .368; Snyder, New York, .360; Cutshaw, Pittsburgh, .351; Maranville, Pittsburgh, .351; Earbare, Boston, .348; Grimes, Chicago, .348; Hargrave, Cincinnati, .347.

Butler of Kansas City is forced to the front among the batters of the American Association and leads the hitters who have played in 25 or more games, including contests of Wednesday. His average in 25 or more games, including contests of Wednesday, is .458.

Hauser of Milwaukee did some good hitting during the week and replaced Bunny Brief of Kansas City as runner up. Hauser's mark is .422 while Brief is third with .412.

Reb Russell of Minneapolis, who starred as pitcher for the Chicago White Sox a few years ago, has turned outfielder and is tied with Brief for home run hitting, each having knocked out nine circuit drives.

Gainer of Milwaukee is the best base stealer in the league with 12 thefts.

Other leading batters: Bair, Indianapolis, .406; Kirke, Louisville, .398; Lear, Milwaukee, .395; Gainer, Milwaukee, .394; Good, Kansas City, .379; Cochran, Kansas City, .373; Russell, Minneapolis, .369.

## JOHN FERNANDES DIED LAST NIGHT

Long Time Resident Passes Away at Home on North Diamond Street—Had Resided Here Nearly Three Quarters of a Century.

John Fernandes, a resident of Jacksonville for nearly three quarters of a century, died at his home, 1649 North Diamond street, at 9 o'clock Saturday night. He had been in failing health for some time and for several days his condition had been accounted critical.

Decedent was born in the island of Madeira, February 2, 1831 and was at the time of death, 90 years, four months and two days old.

He came to America with his parents when 15 years of age. After a brief residence in Springfield, where he cast his first vote for Abraham Lincoln, the family came to Jacksonville which has since been his home.

Mr. Fernandes was twice married. His first wife died many years ago. He was again united in marriage to Leudvina Fortado 77 years ago, who survives. He also leaves one brother and one sister, Simeon Fernandes and Mrs. Mary Andrews, both of this city. The latter is the mother of Deputy Sheriff Ben Andrews.

Mr. Fernandes followed the occupation of truck gardening for many years. He was a member of Northminster church and a faithful attendant so long as his health permitted, and was highly regarded in the community in which he had spent so many years.

The funeral will be held at the family residence, 1649 North Diamond street, Monday afternoon at two o'clock. Rev. Walter Spoons will officiate.

In no preceding year have we known of greater interest in such evangelistic work or of more practical and far reaching results coming from such work.

A number of Gospel teams from the colleges were in the field during the Easter vacation, all reporting a splendid experience. Much of this work was done in co-operation with the secretaries in the organized counties.

The Christian Callings conference recently held at the University of Illinois brought about interviews with more than 500 men concerning life work problems.

## WRECK INVESTIGATION REPORT MADE PUBLIC

Investigators of Wreck Which Occurred at Porter, Ind., on Feb. 27 of General Public Interest—Automatic Train Control Device Needed.

White Hall, June 4.—The operators and levermen employed at the two interlocking plants here are very much interested in the findings of the bureau of safety of the interstate commerce commission in its investigation of the wreck at Porter, Indiana, on February 27th, last when there was a side collision between passenger trains of the Michigan Central and the New York Central Lines at interlocked grade crossing, which resulted in the death of thirty-five passengers and two employees, and the injury of seven passengers, two employees and seven other persons. The findings of the investigators, in which the Indiana public utilities commission participated, are of general public interest.

In the vicinity of the point of accident both railroads are double track lines. Trains are operated on both roads by train orders and automatic block signals, and the crossing is protected by an interlocking plant. The line of the New York Central extends east and west, while that of the Michigan Central extends southwest and northwest, crossing the track of the New York Central at an angle of about 45 degrees. The interlocking tower is located in the north angle formed by the two roads.

Train Left On Time.

At the time of the accident it was dark, and the weather was clear. The Michigan Central east-bound passenger train, known as the "Canadian," running between Chicago and Detroit, left Chicago at 5:05 p. m., on time, and passed East Gary, the last reporting station, 9.1 miles west of Porter, at 6:12 p. m., 7 minutes late.

New York Central west-bound passenger train No. 151, known as the "Interstate Express" running between Buffalo and Chicago, consisted of engine 4828 and seven cars. The train left Elkhart, Indiana, at 4:55 p. m., 6 minutes late, passed the last reporting station, 8.8 miles east of Porter, at 6:12 p. m., two minutes late, and while running at a speed estimated to have been fifty miles an hour collided at 6:22 p. m. with Michigan Central train No. 20, which had been delayed on the crossing.

After summing up the evidence, the report concludes that the direct cause of the accident was the failure of Engineman Long, of the Michigan Central train No. 20, to observe and obey the signal indication of the home signal governing the movement of trains over this crossing. A contributing cause was the failure of Engineman Black, also of Michigan Central train No. 20, properly to observe the home signal indication and con-

vey the correct information to Engineman Long.

Received Caution Indication. According to his own statement, Engineman Long received a caution indication at the distant signal. This informed him that the home signal governing the crossing was then in the stop position, and required him "to proceed under such control as to be able to stop before reaching the next signal." This adds another to the already long list of accidents resulting from the inability of engineers, upon whom the safety of passengers depends. In this case Engineman Long was probably misled by the incorrect information given him by Engineman Black, who called the signal clear when it was in the stop position. But this does not relieve Engineman Long of responsibility in any degree, as there was ample opportunity after the home signal came within range of his vision for him properly to control his train in accordance with its indication.

This accident again calls attention to the necessity for an automatic train control device to be used in connection with existing signal equipment for the purpose of automatically controlling the speed of a train in case the engineman for any reason fails promptly to observe signal indications.

## ARE UNABLE TO AGREE ON PRICE

Threshermen and Farmers Meet and Discuss Prices for Threshing This Year—Former Ask 4 and 8 Cents—Farmers Suggest 3 and 6 Cents

Saturday, May 28 there was a meeting of representative farmers and threshermen at the Farm Bureau office at which meeting a fair price for threshing and a fair harvest wage was discussed. The final arrangement was left to a committee which was to be made up of five farmers and five threshermen.

This committee met Saturday afternoon at the Farm Bureau office with the following members present: Henry Rawlings, John Brown, Eliza Crouse and Frank Brown representing the threshing men and Henry Wax, S. A. Bracewell and H. W. Dinwiddie representing the farmers.

The committee agreed that it was impossible to fix a uniform price for all of Morgan county and recommended that each threshing ring contract before beginning threshing. The threshers held for 4 cents for oats and 8 cents for wheat while the farmers maintained that 3 cents and 6 cents would be the prevailing price in Morgan as it seems to be in Sangamon county.

It was reported also that some farmers in the vicinity of Alexander had already contracted at the 3 and 6 cent rate.

## FINANCIAL FACTS ABOUT THE CITY

Figures in Local Finances are Interesting and Informing—  
—Jacksonville Needs Listed by City Council.

In another part of this issue will be found an informing table about the finances of Jacksonville prepared by Mayor E. E. Crabtree. The purpose of the statement is simply to give information to the people of Jacksonville with reference to the financial status of the city. The facts are given to show the amount of bonded indebtedness and the different kinds of bonds. One paragraph shows the amount of money raised thru special tax levy.

By way of further information the receipts and expenditures for the past year are given and an estimate made for the current year. The statement also includes some details as to the expenditures made thru different departments and a calculation is made as to the average expenditure made by the city for each resident from taxation sources.

If any statement made is not clear or if any further information is desired by any resident of Jacksonville, the mayor and members of the city council will be glad to have a request for information.

In discussing finances of the city the mayor and aldermen recently listed the needs of Jacksonville, not for immediate accomplishment but as ideals to be looked forward to in coming years. Some of these matters relate to finances and others are of a different kind. A list of the things mentioned is given below. No effort was made to list these subjects in the order of their importance:

1. To finish filtration and power plant.
2. To do away with the plan of anticipating taxes.
3. A trunk sewer system.
4. Better conditions on unpaved streets.
5. Cleaner paved streets.
6. Motor driven street sweeper.
7. Motor driven fire ladder truck.
8. A full time health officer.
9. More adequate fire and police protection.
10. A building, electrical and plumbing instructor.
11. Sewage treatment and disposal plant.
12. Additional automobile parking space.
13. Increased co-operation.
14. Continued interest and intelligent study of municipal affairs.

## COUNTY SECURES NEW RATES AT PASSAVANT

At a conference held Saturday between the members of the county board and representatives of Passavant hospital, new rates were agreed upon for cases in which the county is interested. Hereafter the county is to be charged at the rate of \$10 per week for patients and a charge of 25¢ for the use of the operating room will be made. The rate in the past has been \$15 a week and for the use of the operating room \$7.50. Under the revised rates \$12 a week will be paid for the care of tubercular patients.

The thought underlying the new plan is that the county pay half the cost for the care of the cases of indigents and that the hospital carry the other half as part of its charity work.

A. A. Curry, president of the board of trustees, and Miss Verner, superintendent of the hospital, attended the conference with the board.

## Social Events

### I. C. Students Have Campus Dance.

The Illinois college students enjoyed a regular good old fashioned platform dance out on the campus last night. Dunlap's orchestra furnished the music.

### Party for Allan Emily King.

Twelve of her little friends and their mothers were invited to the King home on West State street at 4 o'clock. Delightful refreshments were passed during the afternoon.

### Entertain Passavant Graduates.

A six o'clock dinner was given last evening by Mrs. F. T. Irving at her home on Grove street in honor of the graduating class of Passavant hospital. Miss Verner, superintendent of the hospital, and Miss Loving, Red Cross tuberculosis nurse, were special guests. After a five course dinner had been served, the guests spent the evening with games and music. The graduates are, Misses Hutchinson, Irving, Buchanan, Weder and Howell.

### Miss Haigh Entertains Sunday School Class

Miss Fern Haigh entertained her Sunday school class yesterday afternoon at her home on Hardin avenue. There were about fifteen of the members of the Junior Department of the Christian church Sunday school present and they spent their time playing games and contests. The winners of the contests were: Virginia Harney and Rhoda Olds.

### Zion Ladies' Aid Met

The Ladies' Aid of Zion Methodist church southeast of Murrayville met at the home of Mrs. R. A. Story Wednesday afternoon about 40 guests were present. A business meeting and program was held after which refreshments were served. Those from Murrayville were Mrs. J. A. Carlson, Mrs. Nora Carlson, Mrs. J. T. Mutch and daughter, Alma of Jacksonville were also present. The Young Woman's Guild of the Congregational church will not meet this week.

## MISS LINDEMAN WEDS ELBERT LAIR

Well Known Young Woman Is Married Saturday—Will Make Their Home in This City.

At eleven-thirty Saturday morning Miss Maurine Lindeman became the bride of Elbert A. Lair. The ceremony was performed at the home of the bride's parents on Hardin avenue and was witnessed by only the immediate families of the young couple. Rev. George Stickney, pastor of the Congregational church of which the bride is a member, performed the ceremony.

The couple were attended by Miss Doris Lindeman, sister of the bride and Ernest Lair, brother of the groom.

The bride was attired in white crepe de chine and carried a corsage of sweet peas and ophelia roses. The bridesmaid wore white organdy and carried a corsage of pink rose buds.

After the marriage vows had been said and congratulations extended a delicious three course dinner was served in the dining room where a color scheme of pink and white was carried out with pink and white roses.

The bride is the daughter of Mr. and Mrs. Henry Lindeman, of 523 Hardin avenue and has always made her home in this city. She attended high school and is an active member of the Congregational church. For the past two years she has been with the firm of F. J. Waddell and company and has been counted one of their most popular and efficient young ladies. Her winning smile and quick friendliness have made Mrs. Lair popular with everyone.

Mr. Lair is the son of Mr. and Mrs. James C. Lair of 351 Sandusky street. He is a graduate of the Jacksonville high school and for the last year has been teacher of manual training in the Junior high school here.

He is a young man of pleasing personality and real ability.

The young couple left yesterday for Normal, Illinois, where the groom will take a six weeks' course in manual training at the Illinois State Normal University. In the fall they will return to this city where the groom has accepted the position as manual training teacher in the David Prince school for the coming year.

## WILL BE CENTER OF AMATEUR DRAMATICS

Drama League of America Will Hold Second Annual Institute in Chicago in August.

CHICAGO, June 4.—(By A. P.)—Chicago will be a national center of amateur dramatic effort for two weeks next August. It is then that the Drama League of America holds its second annual institute here. This, says the Drama, will be the "most considerable event of its kind in the country."

Announcement of the staff of the institute is made by the drama league's organ.

The course in community and settlement drama will be given by Dugald Walker of Christodora House in New York City.

Clarence Stratton of St. Louis will give the course in drama in the high school.

Theodore Ballou Hinchley of Chicago is in charge of the course on playwriting.

The course on pageantry is in the hands of Linwood Taft, an authority on pageants and community drama in America.

Miss Gladys M. Wheat, who has worked with Mr. Taft in the production of many of his pageants, will teach the classes in costuming.

Mrs. A. Starr Best of Evanston will give a course in drama in the church and Sunday school.

Mrs. Best has directed for a number of years a company of young people from the Congregational church in Evanston, who call themselves the Pilgrim Players.

Other subjects treated at the institute will be drama for children, dancing and rhythm, puppets and pantomime, and drama for employees.

## GOLD MEDAL FOR JUNIOR FIRE MARSHAL

Badge Sent to Farrell Crabtree by State Fire Marshall—Jacksonville Lad's Appointment the First Made.

Farrell Crabtree, son of Mayor E. E. Crabtree, is one of a group of Illinois lads who wears a badge indicating his appointment as a junior fire marshal. In fact, the Jacksonville lad was the first in the state to have this distinction by appointment of John G. Gamber, Illinois state fire marshal. Subsequently other appointments were made and on Friday the state marshal was in Chicago and in person at the rooms of the Chicago Association of commerce presented the badges to a group of boys and one girl, who have been serving for several months as marshals and have done excellent work especially along the line of fire prevention.

Yesterday Fire Chief Hunt sent a message to Farrell Crabtree asking him to call at the department office. The junior fire marshal and several of his boy friends promptly answered the call and there with a few words of explanation Chief Hunt presented the "youngest fire marshal" with his official badge. This action on the part of the Jacksonville chief was taken after he had received the following letter from State Fire Marshal Gamber:

"Some time ago I appointed Leonard Farrell Crabtree, son of Mayor E. E. Crabtree, as junior fire marshal. It happened that he had the distinction of being the first junior fire marshal appointed in the state. Since that time I have appointed about 30

others in various cities, and the results accomplished have been so good that I have decided to present each of them with a gold medal engraved with their name. I believe this is a fitting way to show recognition for their efforts.

"I have been informed that young Crabtree has shown a great deal of enthusiasm as a junior fire marshal, and I think it would be appropriate for you, as chief of the fire department, to present this medal to him in my behalf."

### COLLEGE OF MUSIC NOTES

The recital of Miss Hay's piano pupils given last Saturday in Music Hall was particularly well attended and received. Her pupils acquitted themselves well both in solos and in the piano quartet numbers, playing with accuracy and pleasing tone shading.

The annual public concert of the college orchestra under the direction of Mr. Pearson, will be given in Music Hall Monday evening at 8:15. Miss Louise Miller, soprano, will appear in a group of solos. The public is cordially invited.

Miss Belle Mehue, head of the children's department entertained sixty children, members of her piano and junior theory classes, Friday afternoon. The afternoon was spent in games and stunts. Miss Mehue leaves soon for her home in Chicago for the summer months.

### MARY'S COUGH

There once lived a little girl named Mary. And where do you suppose she lived? Why, in Jacksonville, Ill., of course. She was very happy going to school every day and playing with other little girls. After a time Mary became thin and seemed to cough a great deal. It was like a bad cold at first but colds do not stay with healthy little girls and Mary's cough simply hung on.

Now, Mary had had a big brother of whom she was very fond. He had returned from the wet and muddy battlefield of France the year before, with a thin, pale face and bad cough. Mary had tried to cheer her brother Bob with her love and kisses for his pep and vigor of old were gone. At last the doctor sent him away to a sanitarium in another state, away from those who loved him most.

Now Mary seemed to have that same cough which Bob had brought with him from France. Her appetite was gone and she did not care to play any more. Her mother became alarmed and one day took Mary to the clinic held by Dr. M. After the examination Dr. M. told Mary's mother that her small daughter had tuberculosis and if she received proper treatment and sanitarium care she could be cured. Oh, my! What was to become of Mary? There was no tuberculosis sanitarium in Morgan county and Mary's people simply could not afford to send her away, besides Mary was a little girl and could not take her away where she could not see her mother and daddy was too much for a little girl like Mary.

To care for her at home was so hard on Mary's mother, not counting the danger to other members of the family.

What was to be done with Mary? Have you a Mary or Bob in your home or community? If so what are you doing for them? Vote FOR the Tuberculosis Sanitarium tax on June 6, 1921.

Have a home for our Bobs and Marys where they may be cured. Signed. One Who is Suffering with Tuberculosis.

WILL INSTALL MINISTER TODAY

In the absence of Rev. H. H. DeWitt Sunday Rev. A. Madison will give the morning and evening sermon. Rev. H. H. DeWitt goes to Springfield and will fill the pulpit, morning and evening, at St. Paul A. M. E. church.

At 3 p. m. he will be given the installation sermon of Rev. R. Dehoney. He will return Monday to do what he thinks is the incoming duty of a republican—get the vote out and elect that good and capable man, C. E. Chipfield.

Mrs. Mabel Wright and daughter were up to the city from Franklin yesterday.

Goodbye Punctures

This is the reason why. Convulsions make the circumference of a Compression Inner Tube greater than the inner circumference of a casing. When air pressure is applied the tube comes out round (Cut 2) and is compressed, hence a puncture proof. This is a guaranteed fact. Tulsa "ROAD-PROOF" Casings are now selling at a 20% discount. This means that you can buy a hand-made casing with an added extra mileage guarantee for the same money that others are selling less serviceable casings.

Hot weather means tire trouble. Why not solve the problem now with Compression Inner Tubes?

### M'KNIGHT-COLEY RITES SAID SATURDAY

At high noon Saturday, in a simple but impressive ceremony, Miss Florence McKnight became the bride of Glenn H. Coley of Detroit, Mich. The ceremony was performed at the home of Mr. and Mrs. C. H. Smith on Westminster street, where the bride has made her home during the years she has been in Jacksonville.

While Mrs. A. R. Gregory, accompanied by Mr. Frederick G. Meyers, sang the Lohengrin wedding chorus, the bridal party took their places before a bank of white spring flowers and ferns. Dr. R. O. Post then performed the ceremony which united the couple.

Miss Beulah Ennis of Petersburg was the bride's maid, and Mr. Linn Coley of Bloomington, brother of the groom, was best man. Minna Margaret Adams was the little flower girl and James Russell Merrill carried the wedding ring.

After the ceremony a wedding luncheon was served in the dining room where Russel roses were used in artistic decorations. The guests present included only the

intimate friends and relatives of the bride and groom.

Mrs. Coley is the daughter of Mrs. Lida McKnight of Barry and has made her home in Jacksonville for several years. She has been an enthusiastic member of Congregational church and of the local D. A. R. chapter. She has held responsible positions with several of the business firms here and has made a great many Jacksonville friends.

The groom is the son of Mr. and Mrs. Charles Coley of Beards-town and is a graduate of Illinois University. After a brief wedding trip the couple will be at home in Detroit, Mich., where the groom has a responsible position as chemist in a Detroit manufacturing concern.

Samuel Camm made a business trip from Franklin to the city yesterday.

### Wasted Energy

Poor eyesight wastes energy through nerve strain. You cannot work well with eye strain cutting down energy. Eye health and strength is a matter of importance to all workers. Why not give as much attention to your precious eyes as you do to a watch that can be replaced? Eyes can be cured but never replaced. My experience and many years of service are available to those who seek relief for their eye difficulties.

**RANSON REALTY CO.**

Do you know that one good investment may be the means of making you independent for life?

Show your good judgment, get away from the crowd of waiters and quitters—get in line with the pushers—be a farm owner. Real estate is recognized by the big men of our country as the safe investment; it is bound to grow and grow into money. More fortunes are accumulated from the rise in real estate than all other causes combined. When you buy land you are buying an inheritance.

Whether you have a hundred dollars, a thousand or ten thousand make a start today. Buying real estate teaches the man who invests economy—it MAKES the MAN.

We have 79 acres and 160 acres adjoining a good town on a hard road and electric line, good improvements, fine black dirt, ridiculous low price for a short time. We have also just listed some very desirable city property at a very attractive price.

Austria now has an army of 30,000 men.

In Russia there are still 40,000 prisoners of war.

Canada sent 540,886 troops overseas during the World War. The British Army in Germany is being supplied with fish from Canada.

"Die Deutsche Republik" is the official name of present-day Germany.

The United States navy has 11,689 men under training and 3360 men at aviation stations.

The first battle of the World War in which the United States Army took part was at Cantigny, captured on May 28, 1918.

According to allied terms handed the German government the police force for the entire

nation to be held under 150,000 men.

Of the more than 3,000,000 men reported under arms today in Europe, France controls approximately one-third, or 809,652 men.

It is estimated there are more than 400,000 German war graves on French soil, and fewer than 30,000 French graves in Germany.

The present strength of the United States Navy is 11,524 officers and 120,305 men; the Marine Corps 19,000 officers and 21,543 men; and a Nurse Corps of 467.

With the rate of exchange at 60 to 65 marks to the dollar, the American soldier in Germany draws larger salary than many of the high German city officials.

According to an official report damage done to Paris and environs by the German "big Bertha" aviators and Zeppelins during the World War is figured at \$0,000,000 francs.

The U. S. Army Transport Cambria is en route for this country from Antwerp with 169 American soldier-husbands, their wives and 84 children. Ninety out of a hundred of the wives are German.

More than 8000 Jews served in the American Civil War. The list included nine Jewish generals and eighteen who attained the rank of colonel. Over 4000 saw active service in the Spanish-American War.

One of the longest wars in the United States was the Seminole which continued in intervals from 1817 to 1842 against the Indians and fugitive slaves of the Everglades of Florida, costing more than 1500 lives.

A bill under which the War Department would be directed to suspend publication of its so-called "sucker lists" pending further investigation as to their correctness was recently introduced in Washington by Senator Stanley of Kentucky.

Believing that Grover C. Bergdoll, the Philadelphia draft evader escaped to Germany by use of a fraudulent Canadian passport the Great War Veterans' association of Canada has offered their assistance to secure the much-wanted prisoner.

Judge Robert S. Marx, of the supreme court of Cincinnati, is president of the Disabled American Veterans of the World War. Judge Marx was struck in 14 places by a shell burst on the day preceding the armistice, while leading his company of the 357th Infantry, 90th Division.

Beginning June 21, former German naval vessels and obsolete battleships of the United States Navy are to be bombed in an aerial test by army and navy airplanes. The experiment will be conducted by the Virginia Capes where bombs ranging in size from 200 to 2000 pounds will be dropped.

An ambulance airplane has just been built for the British Air Service capable of a continuous flight of five hours at the rate of 100 miles an hour, carrying a pilot, one mechanic, a nurse and four patients on stretchers. In addition one hundred pounds of medical stores can be carried in the machine.

A plaque of Delft ware, made at the governmental porcelain works at Sevres, will be placed in the Invalides in Paris, commemorative of the American aviators who were killed in the World war as members of the famous Lafayette Escadrille. The plaque is inscribed "In Memoriam" and bears the names of twelve aviators.

The longest range gun ever constructed in the United States is soon to be mounted somewhere along the Atlantic coast. The weapon is a 16-inch 50-caliber coast-defense gun capable of hurling a 2340-pound projectile 21 miles. It is supplied with full electrical equipment for firing, sighting, traversing, elevating and ramming. The power charge is 850 pounds.

When Linn A. E. Gale, an American radical and draft evader, was seized by army officials at Laredo, Texas, he went on a hunger strike. The officers stationed the prisoner next to the mess kitchen and placed a guard over him, and when the fragrant odor of beans and bacon streamed from the kitchen to the nostrils of the draft doster he took just twenty-four hours for him to ask for food.

**Alumni Association Meets.**  
The annual banquet of the Alumni association was held Friday afternoon at 2 o'clock at the city hall. The tables were beautifully decorated with baskets of roses and white green festoons, the alumni colors. Dainty place cards and favors were used. The menu served was a delicious one and altogether it was a very happy occasion.

Mrs. Inez Fisher acted as toastmistress, while Miss Blanche Treadway welcomed the class of 1921. The response was by Arthur Pfoelgrof.

The outgoing officers are:  
President—Mrs. A. L. Weeks.  
Vice President—Miss Hazel McCarty.

Secretary—Treasurer—Mrs. A. Schnitker.

Corresponding Secretary—Miss Blanche Treadway.

The following are the new officers:

President—Miss Alma Nierstadt.

Vice President—Mrs. L. Weeks.

Secretary—Treasurer—Mrs. Arthur Pfoelgrof.

Recording Secretary—Miss Josephine Meyers.

### CONSERVATORY NOTES

The Conservatory year will be at an end next week. The diplomas for the graduates in piano, Misses Elsa Marie Foster, Laura Jones and Martha Priest will be presented them at the college commencement exercises on June 15th.

A recital of the 1st and 2nd year students of Miss Pires' class in the Dunning System of piano instruction will take place next Tuesday afternoon, June 7th, in Recital hall. The public is cordially invited to attend.

At the baccalaureate service, to be held in State Street church on Sunday, June 12th, Mrs. Bullard will have charge of the organ, and the chorus will sing, under Mr. Quast's direction, "Oh Glad-Some Light" from "The Golden Legend." Mr. Quast will also sing a solo.

Announcements have been received of the marriage of Miss Beatrice Dye, a former student of the conservatory, to Mr. Karl Arthur Marklin on Saturday, June 4th, at the Christian church, Jacksonville.

Miss Elinor Russell will be married to Mr. John G. Ames, Jr., on Wednesday, June 8th, at the home of her father, Mr. Andrew Russell.

Mr. Kritch and Mr. Munger will attend the wedding of Mr. Frederick G. Meyers and Miss Mabel Grubel at Sheldon, Ill., Monday afternoon, June 6th.

Mr. Munger expects to be in Crawfordsville, Ind., on Friday and Saturday, June 10th and 11th to attend the graduation of his nephews, George and Norman Littell at Wabash college.

At the students' recital given last Friday afternoon, June 3rd, the following program was performed:

**ENLARGE SHOE BUSINESS**

Shadid brothers, proprietor of the popular shoe repairing shop on East State street, are planning to discontinue their shoe shining parlor in order to give more space for the enlargement of their stock of men's shoes. Since they put in a line of shoes, Shadid's business has increased in such a gratifying manner as to make the enlargement of the stock imperative. This change will enable the management to give better service and take care of their many customers.

## Tuberculosis Sanatorium Catechism

(Prepared by the Publicity Committee of the Morgan County Anti-Tuberculosis Society.)

What is the purpose of the Morgan County Tuberculosis Sanatorium Fund?

To cure and prevent the spread of tuberculosis, a disease which kills more people directly and indirectly than all other contagious diseases combined.

To PROTECT every person in Morgan County—34,200 people—from this communicable disease.

Where is the Tuberculosis Sanatorium?

One half mile east of Jacksonville.

To whom does the Tuberculosis Sanatorium belong?

Belongs to the people of Morgan County.

Who may have the benefits of the Sanatorium?

The benefits of the Sanatorium are free to any person living in Morgan County who is suffering from Tuberculosis in any form—just as our public schools are free to any child living in Morgan County.

May persons outside of the county be treated in the Sanatorium?

Yes, if there is room and they pay for care.

About what amount will be necessary for running expenses per year?

Probably below a mill tax. This cost depends upon many conditions, mainly the cost of living and the proportion of patients from outside the county.

What amount has been put into the construction of the building and in land?

There has been put into the building—ready to furnish for 40 patients—and the land—60 acres—about \$110,000.

What have some other Illinois Counties put into their Sanatoria?

St. Louis County, for building for 28 patients and 10 acres of land, approximately \$100,000.

McDonough County, for building for 32 patients and 10 acres of land, approximately \$95,000.

McLean County, for building for 34 patients and 20 acres of land, approximately \$122,000.

Tazewell County, for building for 35 patients and 60 acres of land, approximately \$80,000.

Is there a need for a Sanatorium in Morgan County?

Yes. In 1919 there were, exclusive of the State Hospital, 35 deaths from Tuberculosis in Morgan County. There are 72 diagnosed cases on the records of the Morgan County Tuberculosis Clinic and these are by no means all in the County.

How many of the seventy-two need Sanatorium treatment?

Fifty at least.

Were these all the Tuberculous in Morgan County?

No. The most conservative estimates of Insurance Companies and Health Organizations count five living cases to every death and on this basis there were 175 cases in Morgan County in 1919.

Are there any Tuberculous Soldiers in Morgan County?

Yes; between fifty and sixty.

Where are our Tuberculous Soldiers now cared for?

In Sanatoria in New Mexico, Tennessee, North Carolina and Springfield, Illinois.

We voted in 1916 to levy a tax for a Tuberculosis Sanatorium. Why are we voting again?

Because the full County rate is needed for general county expenses, and a tax beyond the county rate cannot be levied without a referendum vote.

Have other counties met this same trouble?

Yes. Will, Christian, Macon and Madison have for the same reason, taken this second referendum vote and carried for the tax by large majorities.

Are we voting for an additional tax for Tuberculosis?

No. We are not voting for more taxes for tuberculosis than we voted in 1916.

What tax levy does the Tuberculosis Sanatorium Act allow?

A levy not to exceed 2 mills on the dollar.

How does our ballot read?

For an additional tax, not to exceed a rate of two mills on each one dollar, in addition to the rate now provided by law for County purposes, to be levied on all taxable property in Morgan County, as assessed and equalized for State and County purposes for the years 1921, 1922, 1923, 1924, and 1925 for the purpose of establishment and maintenance of a County Tuberculosis Sanatorium.

Against an additional tax, not to exceed a rate of two mills on each one dollar, in addition to the rate now provided by law for County purposes, to be levied on all taxable property in Morgan County, as assessed and equalized for State and County purposes for the years 1921, 1922, 1923, 1924, and 1925 for the purpose of establishment and maintenance of a County Tuberculosis Sanatorium.

The "Additional" is addition to the County rate not to the rate allowed the Sanatorium Fund.

When is the vote to be taken?

June 6th, 1921

Who may vote?

All Citizens of Morgan County.

## CHAPIN HOUSEHOLD SCIENCE CLUB MET

Regular Session Held Friday Afternoon at Home of Mrs. Clyde Williams—Mrs. Onken Surprised on Birthday—Other Chapin News.

Chapin, June 4.—Household Science club met Friday afternoon, June 3rd with Mrs. Clyde Williams. There were fifteen members and one guest present. Roll call was current events.

The paper for the afternoon was given by Mrs. B. J. Taylor, her subject being "Care and Culture of Bees" followed by a general discussion. During the social hour delicious refreshments were served.

Mr. and Mrs. Gustave Onken and Miss Johanna Onken and Mr. and Mrs. E. H. Nienhueser were supper guests of Mr. and Mrs. Andrew Alten Thursday evening. The guests were much surprised when the hostess placed a beautiful cake with lighted candles before Mrs. Onken, reminding us that she had remembered it was time for Mrs. Onken to be celebrating a birthday. It was a very pleasant event and much enjoyed by all present.

Mrs. Phoebe Scott was visiting friends in Jacksonville Wednesday.

During the electrical storm Wednesday evening the home of George R. Fox was struck by lightning. No serious damage was done but members of the family received quite a shock.

E. P. Brockhouse of Jacksonville was transacting business in Chapin Wednesday.

The pupils of the community high school enjoyed a picnic supper at Nichols park Thursday afternoon. They report a good time even though the heavy rain caused much difficulty in getting home, several of the cars sliding into the ditch.

Grade school closed Friday and at noon each room, with their teachers enjoyed a delightful picnic dinner.

The baccalaureate sermon for the graduating class of the community high school will be preached by the Rev. F. M. Crabtree, at the Christian church, Sunday night, June 5. A special program of music is being prepared.

Among those who attended the club federation picnic at "Oak Lawn" Thursday were: Mrs. J. F. Burham, H. E. Tucker, T. H. Stone, H. O. Smith and W. W. Anderson.

State Street Presbyterian church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, Sunday school superintendent; Mrs. Barr Brown, choir leader. A person's action on Sunday is an index of his creed. If this is the church of your choice plan to be with us at 9:30 for Sunday school and at 10:45 a. m. for morning worship. The pastor will preach. Members and friends kindly note that the union evening services commence Sunday at 7:30 when the pastor will preach. These services will be held on the lawn of Grace M. E. church with Grace and State Street church co-operating. Welcome to you.

First Baptist church—Preparations are on for the observing of Children's Day on June 12th. Superintendent Kopper will make full announcement at Sunday school which is held at 9:30 a. m. The monthly communion service will be held at the close of morning worship at 10:45 a. m. The subject of Acting Pastor A. P. Howell's sermon will be "Andrew—the Silent." The Baptist Mission Sunday school in the northeast part of town is held at 2:30 p. m. A consecration service will be held by the Baptist Young People's union at 6:30 p. m. The subject is "Thy Kingdom Come In the World." Following the service occurs the period of evening

worship when Rev. Howells will speak on the subject, "Election Day." The mid-week service is held on Wednesday at 7:30 p. m. The tenth chapter of John will be discussed, the subject being "Christ, the Good Shepherd."

Central Christian church—M. L. Pontius, minister. Bible school at the usual hour, 9:30. The Children's Day program will begin at 10:45 followed by a sermon by the pastor on "The Program of the Disciples of Christ." Evening worship at 7:30. The theme of the sermon will be "The Infection of Sin." C. E. meetings at 6:30 p. m. Miss Mayme Allison will lead the Senior, Miss Ruby Wiseman the Intermediate and Miss Selma Jackson the Junior. The public is cordially invited to attend.

HAPPIEST WOMAN  
IN ILLINOIS NOW

Mrs. Jarvis Tells of Wonderful Change Since Taking Tanlac—Would Cry Over Condition

"I do believe I'm the happiest woman in Illinois, for Tanlac has relieved all my suffering after I thought nothing could help me," said Mrs. O. M. Jarvis, 569 Mulberry street, Galesburg, Ill. Mrs. Jarvis has been a resident of Galesburg for fifteen years and is highly esteemed by all who know her. "I could talk all day about the good Tanlac has done me and then not tell it all. Why at the time I began taking it I had suffered for about seven years. My strength was completely gone and there were times when I felt so miserable I just could not help crying over my dreadful condition. Everything I ate hurt me so bad I could hardly endure it, and I was so nervous I would actually jump when the paper boy threw our paper on the front porch. "Well, I suffered this way every day, and as nothing helped me I finally lost all hope of ever being well again. But one of my neighbors kept after me to try Tanlac until I did, and I certainly feel thankful to her for getting me to try it. Why I am in just as good health now as I ever was in my life. I have a fine appetite and nothing I eat hurts me the least bit. Tanlac is certainly grand and I just can't praise it enough." Tanlac is sold in Jacksonville by Shreve's Drug Store and by all leading druggists.—Adv.

## It Is Your Duty to Vote

On MONDAY, JUNE 6TH three Circuit Judges will be elected in this, the Seventh, Judicial District. The County Bar Associations in the district and the representatives of the Republican and Democratic parties in this district in conventions assembled have declared in favor of the re-election of the present Judges, Frank W. Burton of Carlville, Normal L. Jones of Carrollton, and Elbert S. Smith of Springfield.

These judges have rendered faithful service. A large vote given them will be an expression of confidence to which they are entitled on their records. Every voter should vote.

Their names will appear on the ballot in the column headed, "Non-Political Judicial Ticket." Place a cross (X) in the circle at the top of this column and you will vote for these candidates. You are earnestly asked and urged to do this and to get your neighbors and friends to do likewise. This office is important and it may affect you. Election on MONDAY, JUNE 6TH.

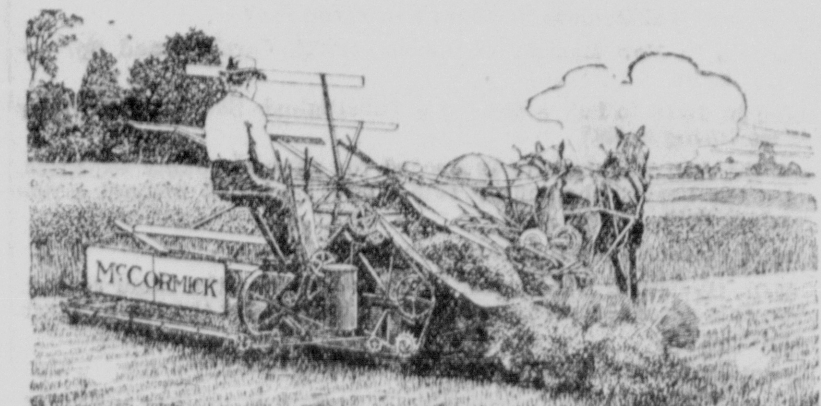

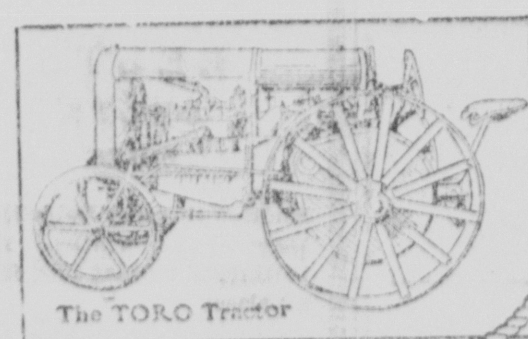

CHARLES G. BRIGGLE  
Chairman Republican Committee.  
JAMES E. CALDWELL  
Chairman Democratic Committee.

## Harvest Time Is Near

An ounce of prevention is better than a pound of cure. If your old binder or mower gave you trouble last year, stop—think—decide. It is money saved by you to purchase a new machine as you cannot afford to lose time and grain, besides the worry trying to put up with a "has been" tool.

## McCormick Twine Holds the Bundle

All users of the McCormick machines are satisfied. The reasons are so many that we ask you to come in and we will show you why.

To Save Money Use the ToRo Tractor  
and Horse Flesh

Pull your binder and plow your stubble more economically. Do your work right. Hot weather does not affect the machine and early plowing pays big. The light tractor with the big pull—equipped thruout with S. K. F. Ball and Hyatt Roller Bearings. All for

## The Great Summer Hostess

# Calls

Red-blooded Americans, lovers of life in the open, jump to answer the call of this vast mountain region as joyfully as the small boy with a shout "C'mon Skin-nay" hot-foots it for the "old swimmin' hole."

Here in the Rockies, only little over a day's ride from St. Louis, are all the joys and pastimes of the great out-of-doors. Sky-piercing mountain heights, commanding, serene. Air that O. Henry called "aerial champagne."

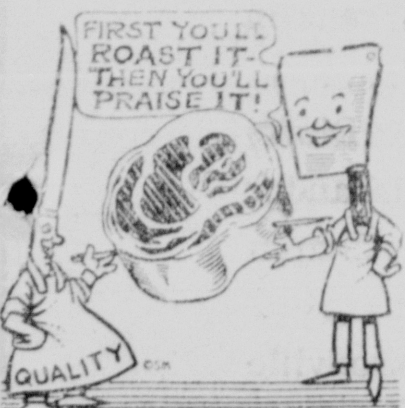

Wild flowers from meadow to snow line. Wild animals at home. Lakes and streams inviting the angler. Good motor roads through valleys and canyons to rugged heights and over the Continental Divide. Golf, tennis, horseback riding, hiking. Modern hotels, camps, ranches.

All nature is in conspiracy against care. Come and enjoy a sense of immense freedom. Complete your vacation by going on to Salt Lake City and Yellowstone National Park.

Low Summer Fares now in effect. Let us plan a trip for you. Illustrated booklet "Colorado's Mountain Playgrounds" or "Rocky Mountain National Park" free on request.

## Daily Market Report

### CHANGES FEATURED

WEEK-END SESSION

By Associated Press.

NEW YORK, June 4.—Confus-  
ing changes featured the  
week-end session of the stock market  
leading issues recording widely  
divergent movements. Food  
stocks and many secondary  
steels, oils and affiliated stocks  
were under further professional  
pressure, but several seasoned  
industrials and rails denoted sub-  
stantial support.

Some of the more extensive  
declines in speculative issues  
were partly or wholly retrieved in  
the usual covering of short con-  
tracts. Sales amounted to 350,000  
shares.

Liberty 3 1/2s made further ap-  
preciable recovery from their re-  
cent depression, rising to \$88.98,  
or almost three dollars per hun-  
dred dollars from the low record  
of Thursday. Other liberties as  
well as victory notes eased.

The foreign exchange market  
was again unsettled, sterling de-  
mand bills falling to \$3.84 1/2. An-  
other decrease in actual loans  
and discounts was reported, with a  
substantial gain of cash, increasing  
excess reserves to slightly over  
\$25,000,000.

### Our First Real Duty

They were told that nothing but the best would be good enough for them when they returned.

Let us keep faith with them. Let us stand loyally by the solemn promise. They stood loyally by us.

If you wish, voters of Morgan County, to tell the 1500 ex-service men of Morgan County that you consider their service to have been in vain, then cast your ballot against the County Memorial Building.

"If there be a crime of deeper dye than all the guilty train of human vices, 'tis INGRATITUDE".

### Debt Should Be Paid

While we honor the illustrious dead, let us not forget or ignore the living, the men who fought through the valley of the shadow of death—the men who

"Came through the jaws of Death  
Back from the Mouth of Hell."

Fifty-five years after the close of the Civil War, Morgan County voted to erect a Monument in memory of the gallant

defenders of the Union, the great majority of whom had long since been called to their eternal reward.

If you, Voters of Morgan County, vote for the proposition, on June 6th, to erect a County Memorial Building in memory of the Soldiers and Sailors who served in the World War, you will enable most of them to see and enjoy the real proof of your GRATITUDE.

### Let Us Keep Faith

Let June 6th, 1921, mark a forward, epochal step in the appreciation of the living heroes who faced the European inferno, and fought to give the world a new birth of freedom.

In the midst of the tree planting, parading, and orations let us be true and dedicate ourselves to the remembrance that our sacred duty is to the living who braved death in the Argonne or defied the Grim Reaper in Belleau Wood. They came back—back from the roaring inferno. They are here. They look to you expectantly—you, the average plain American, you who are the bone and sinew of American Democracy, to dedicate yourselves anew to concrete realities.

If the fallen American boys could but speak from the infinite shore of that, "undiscovered country, from whose bourn no

traveler returns", they would most naturally declare with united acclaim:

"Should the question of dollars enter into the sacred debt to Morgan County men who upheld its honor and prestige?"
